PAPERBOY CONTRACT:
YOU HAVE TO SIGN THIS!

Being a top class paperboy does NOT end when I deliver the last paper of my round. It never ends. I will constantly strive to think of faster and more efficient ways to deliver the newspaper each and every morning!

I understand and whole-heartedly agree that paper delivery is the most important profession in the world because if people don't get their morning paper, people don't get their news. That will not only make them angry, but it will also make my boss, Cameron Hassel angry.

I also understand that the Internet is NOT an appropriate news source. Under the experienced guidance of one-time Paperboy Of The Year, Cameron Hassel, I promise to live, eat and breathe paper delivery – now and forever.
